Important Information about Use of Private Vehicles:

By state law, each driver and passenger, in a privately owned vehicle is covered for injury by his/her family's Personal Injury Protection (PIP) policy (if a family auto is owned). All vehicle owners are solely responsible for loss and accidental damage to their automobiles.

Employees, parents, and chaperones driving their own vehicles on school-related trips should be aware that *they assume personal financial liability* if an accident should occur.

School staff members should make vehicle drivers fully aware of their personal liability and of the serious duty to safeguard our school children during such trips.

Students will eat lunch at Savannah Mall.
