Dear Parent:

Your child has successfully completed the pre-band screening. This tells us that they can be a member of our school band. Lessons are taught during regular school hours and are free.

We have arranged with Portman's Music of Savannah, Augusta, Brunswick and Albany to offer a special band instrument rental plan. All recommended instruments are covered under an extended service and maintenance policy. Accessories are available for all instruments.

We have scheduled a time for the representatives of Portman's Music to come to our school and explain the rental program to you. All fees should be paid at that time to reserve your child's instrument and accessories. Whether or not you plan on doing business with Portman's Music, all parents should attend this meeting. A list of students to be scheduled for band class will be provided for the principal from those attending and registering.

Please attend this meeting. We look forward to seeing you there.

Sincerely,
Richard Jervis
Band Director

Give Your Child The Musical Advantage!

More Than Just Fun!

Students learn teamwork. They develop social skills. Their small motor coordination improves—along with their hand eye coordination...and now science has shown that: Music students score higher on SAT's!

It takes a team to succeed on this journey. A parent to support, a child to participate, a terrific music educator to teach and guide, and a professional music store to be there to serve the student throughout their school music career.

Give your child a chance!
Music educators and parents have shown concern over the appearance of cheap and poorly made instruments in national chain stores. They are difficult to play and impossible to repair. Give your child a chance to succeed.

School music offers numerous leadership experiences and enhances your child's resume. More college scholarships are given for music than for sports!
